Cellulose Tape - No. 110

Cellulose Tape, produced from biodegradable cellophane film, has been the company flagship product for over four decades. Its reputation in the market is achieved from the high quality film which is easy to be torn by hand as well as the efficient rubber-based adhesive coating.

Features

- Made from environmental-friendly, biodegradable cellophane film. The film is transparent, strong but easy to be torn by hand.
- Natural rubber solvent-based adhesive delivers strong adhesive property.
- Available in shrink pack, paper box, and tin box.
- Internationally Certified to the ISO 17088 standard.

Applications

- Ideal for general sealing, packing, fixing, and mending applications.
- Suitable for home, offices, and industrial uses.
- Uses where biodegradable tape is required.

Code No.	Adhesive Type	Thickness	Length	Core Size
110	Rubber Solvent Based	46 μ \pm 10%	2.7, 9, 33, 66 M	1 & 3 inches
