Double Sided Tissue Tape - No. 7111, 7151, 7161

Double sided tape is produced from premium grade tissue as an adhesive carrier. The tissue is coated on both sides with either natural rubber solvent-based or acrylic solvent-based adhesive. The tape adheres well to various surfaces such as plastics, metals, and papers. It can be easily torn by hand.

Features

- High tack; adheres well to various surfaces such as plastics, metals, papers, and name plates.
- Economical
- Easily torn by hand; convenient to use.
- Available in both natural rubber solvent-based and acrylic solvent-based adhesive.

Applications

- General mending, fixing applications.
- Gift wrapping.
- Suitable for electronic equipment installation.
