### **OPP Rubber Solvent Based Tape - No. 325, 328, 340**

The tape, produced from BOPP film coated with natural rubber-based adhesive, is available in various level of thickness.

With excellent adhesive property, it is recommended for heavy duty uses or applications in a low temperature environment.

#### **Features**

- Polypropylene tape with rubber solvent based adhesive.
- High tensile strength and aggressive adhesion property suitable for heavy duty packaging. The tape can tolerate rough conditions such as heat, humidity, and freezing temperature.
- Available in clear, brown and tan color.

#### **Applications**

- Sealing boxes or other packaging applications subjected to rough shipping condition or those require a higher sealing quality.
- Packaging frozen food and products for export.
