Double Sided EVA Foam Tape - No. 7114

Our tape, produced from high quality EVA foam and coated with rubber solvent-based adhesive, can hold weight up to 80 times more than those using general acrylic adhesive.

Features

- Coated on both sides with rubber solvent-based adhesive with superior holding power and tackiness.
- Mounts well to most surfaces.
- 1.5 mm-thick foam delivers high strength, good thermal insulation, and excellent resistance to humidity.
- Excellent die-cuttability.
- Available in white and black color foam.

Applications

- Suitable for mounting light objects such as mirrors, hooks, name plates, posters, signs, etc.
- Sound deadening.
