"Social Distancing" Printed Tape

The tape is made from high tensile Oriented Polypropylene film, which cannot be torn by hand and is coated with a strong synthetic rubber adhesive. The printed tape adheres strongly to the applied surface, yet it can still be easily unwound from the roll.

Features

- Printed with "Social Distancing โปรตเว้นระยะห่าง" in large clear letters
- The printing is done on the underside of the film, making the print resistant to scratching and/or peeling
- Manufactured using Oriented Polypropylene (OPP) film, which has a high tensile strength and cannot be torn by hand
- The OPP film is coated with a synthetic rubber adhesive for strong holding power
- Easy to unwind from the roll with low release force
- Cost effective as one roll can replaces 135 stickers

Applications

- Suitable to be used in high traffic areas of factories, shops, and offices to clearly marks the queuing spots based on the recommended social distancing guidelines

Specification

| Brand | Adhesive Type | Thickness | Length | Core Size |
|--------------|------------------------|------------------|---------------|------------------|
| LOUIS#P554 | Synthetic Rubber Based | 40µm ±2µm | 45Y | 3 inches |
