Pre-laminated Carry Handle Tape (PET Spooling Tape)

Pre-laminated Carry Handle Tape is made from a high-quality Polyethylene Terephthalate (PET) film that will not lose shape under load. Producing a multi-purpose handle that makes it easier to carry bulky or heavy items. The tape has been coated with a strong natural rubber adhesive and can be used across a wide range of temperatures. A maximum weight of 10 kg can be supported. The carry handle tape may also help to reduce the need for single-use plastic bags.

Properties

- Made from a high strength Polyethylene Terephthalate (PET) film, which provides far better tensile strength when compared to BOPP and is highly resistant to tearing.
- High performance Natural rubber adhesive that performs well across a wide range of temperatures and maintains good moisture resistance.
- Able to support a maximum weight of 10 kg when attached to OPP, PE, and PET films.
- Provides convenience when carrying large or heavy items.

Applications

- For use with automatic machines that attach paper strips and convert the tape into carry handles.

Brand	Adhesive Type	Thickness	Size	Core Size
LOUIS	Natural rubber adhesive	80µm ± 2 µm	24 mm x 6,500 M	3 and 6 inches
